McCallum Withdraws Motion To Urge Government To Grant \$2000 Cash Bonus to Veterans

Member for Vegreville, However, Contends That Proposal Is Sound in Principle and Reserves Right to Bring Matter up Again During Present Session—Federal Bill Providing for Abolition of Private Employment Agencies Given Second Reading after Keen Opposition—Premier Assures House That Act Will Not Be Enacted by Provincial Government Until It Is Proved That Government Employment Bureaus Are Adequate for Labor Needs

The promised debate in the legislature on the question as to whether or not the federal government should be urged to consider extending a cash grant to every soldier in line of land or other services, did not materialize Friday evening due to the withdrawal of the motion by J. S. McCallum, of Vegreville, who first proposed the resolution.

However, Mr. McCallum did not withdraw his firm opinion that the proposal to give a cash grant to soldiers on an equal footing for equal services, was sound in principle, and he reserved the right to bring the matter up again during the present session if he so desired. There was no opposition to the motion being withdrawn on the terms asked for by Mr. McCallum.

The act respecting arrears of taxes was given a second reading after being briefly explained by the hon. member for Vegreville. After the house was on the verge of a division was that of the federal government, which was the subject of private employment agencies, it was moved that the bill be passed. The hon. member for Vegreville, who was the mover of the bill, stated that he was not in a position to give an opinion on the bill, as he was not a member of the committee on the subject. He stated, however, that he was in favor of the bill, and that he would support it if it were passed.

Progress was reported on the new municipal hospitals act which was given a second reading. The hon. member for Vegreville, who was the mover of the bill, stated that he was in favor of the bill, and that he would support it if it were passed. He stated, however, that he was not a member of the committee on the subject, and that he was not in a position to give an opinion on the bill.

The statement of Mr. McCallum to the house respecting the resolution on soldier grants was as follows: "I am not in a position to give an opinion on the bill, as I am not a member of the committee on the subject. I am, however, in favor of the bill, and I would support it if it were passed."

The hon. member for Vegreville, who was the mover of the bill, stated that he was in favor of the bill, and that he would support it if it were passed. He stated, however, that he was not a member of the committee on the subject, and that he was not in a position to give an opinion on the bill. He stated, however, that he was in favor of the bill, and that he would support it if it were passed.

George Hooley wanted the government to take action on the matter, but he was not in a position to do so. He stated, however, that he was in favor of the bill, and that he would support it if it were passed. He stated, however, that he was not a member of the committee on the subject, and that he was not in a position to give an opinion on the bill.

Mr. Speaker, I wish to withdraw my motion on the subject of soldier grants, as I am not in a position to give an opinion on the bill. I am, however, in favor of the bill, and I would support it if it were passed. I am, however, in favor of the bill, and I would support it if it were passed.

And whereas the Dominion government has not yet made public any scheme which is acceptable to the majority of the members of the legislature, the hon. member for Vegreville, who was the mover of the bill, stated that he was in favor of the bill, and that he would support it if it were passed.

And whereas it should be made public every day, the hon. member for Vegreville, who was the mover of the bill, stated that he was in favor of the bill, and that he would support it if it were passed. He stated, however, that he was not a member of the committee on the subject, and that he was not in a position to give an opinion on the bill.

And whereas a system of cash grants to soldiers on an equal footing for equal services, was sound in principle, and he reserved the right to bring the matter up again during the present session if he so desired. There was no opposition to the motion being withdrawn on the terms asked for by Mr. McCallum.

TARIFF COMPROMISE Suggested by Cockshutt after Speech Deprecating Reduction at Present

OTTAWA, Feb. 28.—(British Wireless).—The forces under Brig-Gen. Sir Paul Sykes, who advanced into Persia toward Shiraz, in southwestern Persia, near the Persian Gulf, three years ago, were relieved last month by other British forces sent from India, according to an announcement in the house of lords last night by Earl Curzon. Early in 1916 General Sykes was sent to southern Persia to raise a force of Persian rifles to replace the mutinous gendarmes. At the head of only 500 men and two light guns, General Sykes, Lord Curzon said, made an adventurous march through hostile territory, and eventually established himself at Shiraz.

During the years in Shiraz he bore the relief force came, General Sykes performed a Persian force of 6,000 men, led by British officers and strengthened by 800 Indian troops. General Sykes and his force were in imminent danger from hostile forces.

Endeavoring to show that employees of the municipal department, under the ministrations of Hon. Wilfrid Claeys, were used to no small extent for election purposes, opposition members of the public accounts committee in the legislature examined at length on Friday morning, a witness named E. C. Lussier, this witness being engaged for a number of months in the wild land management branch of the department. The examination was conducted by A. F. Ewing.

Mr. Lussier told of his connection

with the department under Mr. Garlepy. He had entered on the work of preparing "wild land" notices, later being assigned a district north of Lac la Riche for assessing a portion of

The next season in 1917, Mr. Luster was elected to the Gainsford district, but was recalled, he said, on the instruction of Mr. Gariepy, and sent to the St. Paul district. Mr. Luster said he was recalled. This was prior to the elections in June 1917, and Mr. Luster claims he was engaged in election campaigning at that time. He stated that he was under the direct guidance of the private secretary of Mr. Gariepy. While in the country between Douce and Gainsford, Mr. Luster stated he met with other employees of the municipal department, Messrs. Whiston, Chapman, Dethlefsen and Bychuk, and they were all working in the election campaign. Mr. Luster further stated that he had, prior to

The Best in Men's Suits

All of us instinctively form superficial judgments of the people we meet. It is given to only a comparatively few people to know an intimately and form a true estimate of our personality. The great majority of the people a man comes in contact with every day judge him by his appearance, because his appearance gives the first impression. Isn't it very important, then, that the best impression be a true one? While good clothes do not make the man they "do proclaim him."

It is men who take pride in their appearance that we wish to interest in our showing of new Spring suits. We know you will like them. There is style and personality in every suit. Hand-picked specially for smart spring suits. And not extravagantly priced by any means, either. See them tomorrow. Fawn Tweeds, Cheviots, and Serges are the material used. Sizes to suit any type of figure.

C.P.R. ENGINEER DECORATED BY KING GEORGE

"Empress of Britain."
 Arthur Edward Philip, D.S.E., Senior Chief Engineer, Canadian Pacific, and Chief Engineer of H.M.S. "Empress of Britain," has held his present position in the vessel since 1906, from which time he has never missed a trip. In the course of her successful mail and passenger service he had the Canadian speed record, and was regarded by all who came in contact with him as a worthy head of his department. His ship has been fitted for work, the nature of which imposes most arduous duties upon her engineering department. Mr. Philip had his early training at Messrs. Dubs & Co's Locomotive Works, Glasgow, serving seven years' apprenticeship. He was at that time a keen footballer, and played in the first eleven of both Queens' Park and St. Lennox. An enthusiastic volunteer, he was a member of the 11th Battalion of the Glasgow Highlanders, then the 10th F.F.V. His sea service commenced with Messrs. Elder, Dempster & Co. with whom he remained fourteen years, serving through all grades up to chief engineer, which position he has held for the past 15 years. On the C. P. R. Co. acquiring the Beaver Line portion of Messrs. Elder, Dempster's fleet, Mr. Philip transferred to the former company as chief engineer of the "Montevideo," which shortly afterwards was wrecked on the coast of Newfoundland. He was on transport service in connection with both the Arctic and Antarctic expeditions, 1903-04, and later, during the South African War, for which he received the Transport Medal. He was one of the pioneers of rifle shooting in the merchant service, and during the visit to Canada of the late Earl of Bessborough, accompanied by that distinguished soldier on his pleasure trip to the coast of Newfoundland. Chief Engineer Philip is an officer.

Arthur E. Philip, Chief Engineer of the "Empress of Britain," was personally decorated by King George, who not only thanked him very cordially for his services, but added, "And it is always a great pleasure to me to meet a Canadian Pacific official."

Senator Lodge Strong Critic Of Proposed League of Nations On Debate Before U.S. Senate

Massachusetts Senator Declares That Instead of Safeguarding Peace of World, It Would Engender Misunderstandings and Strife—Issues Warning to People of United States.

Washington, Feb. 28.—Sharp differences of opinion over the league of nations constitution, were voiced in the senate today by Chairman Hitchcock, of the foreign relations committee, and Senator Lodge, of Massachusetts. After Senator Lodge had delivered a prepared speech before crowded floor and galleries, warning the people of the United States to watch the constitution and insist upon revision, Mr. Hitchcock took the floor and denounced as preposterous the Massachusetts senator's suggestion that the league would deprive the United States of the right of self-defense.

"I desire," said Mr. Hitchcock, "to reiterate the suggestion that the league would in the slightest degree limit the principles and the duty of any nation, the United States or any other, to defend itself when attacked, and to protect its territory and rights when invaded, either by a member of the league or not."

The conflict, Senator Lodge declared, illustrated and emphasized the necessity for ratifying the league constitution to make drastic constitutional changes.

Senator Lodge solemnly warned the people of the United States today to consider the constitution of the league of nations as presented to the people at the peace conference at Paris, and to insist upon its fundamental revision.

The Republican floor leader declared his conviction that, instead of safeguarding the peace of the world, the league, as planned, would engender misunderstandings and strife.

Senator Lodge is to be the chairman of the joint foreign relations committee in the next senate, which will act on the peace treaty and any plan for a league of nations.

Amendments proposed by Senator Lodge included a specific provision excluding the Monroe doctrine from the league's purview. This, he said, could be done in three lines. Immigration and other internal and domestic relations and those vital to national statehood also should be excluded from the league's jurisdiction, he said.

LORD CURZON LAUDS LOYALTY OF AFGHAN AMIR

British Lords Are Told How the Amir Was Murdered Near Kabul

London, Feb. 28.—(London Press Telegram from Reuters Limited.)—In the House of Lords, yesterday, Lord Curzon said that apparently the Amir of Afghanistan was murdered near Kabul, his son was killed, and his body was taken to Kabul by members of his family.

It is known whether the assassination was due to religious or fanatical motives or domestic intrigue. After making a high tribute to the Amir's loyalty to Great Britain, Lord Curzon said that, apparently, the Amir was killed by his brother, Narayan Khan, who immediately fled to the government of India, coupled with the fact that the Amir was a suitable ally had been found.

There was no reason to suppose that there would be any interruption of the friendly relations between Great Britain and Afghanistan, whose independence was desired to be maintained.

TARIFF DEBATE TO BE RESERVED FOR THE BUDGET

Unlikely That Liberals Will Introduce Question in Earlier Legislative Debate

Ottawa, Feb. 28.—No definite decision has been reached by the opposition as to whether or not any amendments will be moved to the address in reply to the speech from the throne, nor, said the chief whip today, would any decision be arrived at before Tuesday.

The expectation, however, is that at least one amendment will be moved. This is offered by the practice in order to enable the leading spokesmen of the opposition to comment upon any matter which crop up subsequent to their speeches on the throne.

Charles Dickens said:

"Life Insurance honestly conducted is truly a great blessing." The truth of this statement of England's greatest novelist was never more clearly illustrated than in the work of the Mutual Life of Canada during the past year.

The year 1918 was without precedent in the history of life insurance in this country. There was the ordinary mortality to meet and in addition to this, war losses of \$275,555.00 and influenza claims amounting to \$100,643.00. The amount of good accomplished by the payment of these large sums can scarcely be measured. The beneficiaries under these policies realize today the truth of Dickens' famous saying quoted above.

The lesson of the past year has been well learned and today we have an immensely greater demand for insurance than ever before. The experience of the past year has tried and tested the strength of the company but, owing to our policy of building up a surplus in the years of prosperity, we are now in the happy position of being able to continue the liberal dividends that have been paid heretofore, thus living up to our Motto:

Maximum Protection, Minimum Cost

SCHOOL DAYS

Copyright, 1919,
McClure Newspaper Syndicate

Well, so far I'm concerned,
I feel perfectly justified in playin'
hooky today. 'Atch all I gets any
about! I think George Washington,
himself, would approve of this
holiday. He certainly said that
it was a school on his
part. He said that when
it came on a Saturday
then Friday was his
holiday. I'm one anyhow!
This the way I feel about
it myself.

So do I!

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.

That's the
only way
to see it.
